

NEW DLP 10/20/30 H & HH SERIES

The DLP H & HH series provides superior surge protection for data and signal line applications. Using higher capacity components, these units offer an improved level of reliability than other similarly priced products.

To cover a broader range of applications, four different styles of protection circuits and ten standard voltages are offered to fine tune the protection to your equipment.

FEATURES

- 2, 4, or 8 protected wires
- Hybrid or high power silicon avalanche diode technology
- Standard Duty or Heavy Duty Capability
- DIN rail mountable option
- Low profile enclosure
- UL497B Listed
- 20-year Warranty

HYBRID MODELS
(Standard and Heavy Duty Protection schematic per wire)

Standard Duty rated at 10kA (8 x 20 microsecond)
Heavy Duty rated at 20kA (8 x 20 microsecond)

Silicon Avalanche Diode only models
(Standard and Heavy Duty Protection schematic per wire)

Standard Duty rated at 10kW (10 x 1000 microsecond)
Heavy Duty rated at 60kW (10 x 1000 microsecond)
